AREA OF EXPERTISE

Financial Accounting Process Automation	Data Integrity Financial Accuracy	Workflow Optimization Compliance Management
--	--------------------------------------	--

KEY ACHIEVEMENTS

- Operational Excellence:** Awarded the High Impact Award (2023) for leading a team of 19 and driving significant process improvements across P2P, R2R, and O2C cycles.
- Process Analytics:** Spearheaded a P2P performance dashboard in Power BI, achieving a 55% boost in process accuracy within two quarters through real-time error tracking.

PROFESSIONAL EXPERIENCE

Tickmarks Technology and Risk Consultancy, Chennai.

Manager

Oct 2023 - Present

- Led and managed a team of 19 professionals working on diverse projects - P2P, O2C, GL accounting (R2R) and T&E.
- Spearheaded the design and rollout of a P2P performance dashboard in Power BI; provided the framework for tracking invoice throughput and error rates, achieving a 55% boost in process accuracy in under two quarters.
- Created a knowledge transfer portal using SharePoint, resulting in a 35% improvement in team performance.
- Eliminated a 7-month Accounts Payable (AP) backlog by migrating from a manual email-based workflow to a structured Jira ticketing system and Excel-based tracking; stabilized operations and significantly reduced manual intervention.
- Implemented controls for invoice processing across different regions streamlining the process and reducing error rate to 5%.
- Partnered on a cash management project to map spend and receipts; reconciled 35 accounts and analyzed AP data to identify key financial drivers and high-impact stakeholders.

Assistant Manager

Oct 2022 - Sep 2023

- Led two accounts payable (AP) teams of 12, managing invoice processing, cash application, and expense review to ensure efficient payment cycles.
- Orchestrated the deployment of Stampli AP automation, resulting in a 20% reduction in processing time.
- Drove month-end close efficiency by preparing comprehensive schedules and posting Journal Entries (JE) for Fixed Assets, Prepaids, Leases, and Cost Allocations, ensuring data integrity and compliance with financial standards.
- Optimized GL data workflows through a revamped standardized template, enhancing data accuracy and reducing manual adjustment errors for the month-end close process

Team Lead

Oct 2021 - Sep 2022

- Led a team of 8 for the Accounts Payable line of a client based out on Virginia, US.
- Conduct regular review of AP transactions to identify errors, discrepancies, and potential areas of improvement.
- Spearheaded a special cost-optimization project auditing employee reimbursements; identified spending inefficiencies and implemented new controls that reduced total expenses by 25%
- Prepared various reports, including forecasts of monthly outstanding amounts and funds required for development projects.

Senior Consultant

Oct 2019 - Sep 2021

- Processed high volumes of invoices and expense reports accurately and efficiently for a US client based out on Virginia.
- Specialize in PO invoice processing which included blanket POs with two-way match and query resolution of exception queue.

Associate Consultant

Jun 2017 - Sep 2019

- Started out assisting the firm with Indian accounting work on Tally ERP, TDS filing compilations, and year-end close transactions and review of monthly and yearly books.
- Assisted with book keeping for a client, which included structuring of chart of accounts, entering day to day transactions and review of monthly and yearly books
